Dear Mr. Weisberg:

I just came back from the National Archives on May 7, 1975, along with my wife, Barbara, and Professor Terry Ripmaster of the History Department at William Paterson College.

We checked the declassified materials on the John F. Kennedy Assassination from 1971 to 1975. As we all walked out of the Archives, on our way to the White House, we remarked about how much work you must have done to present your "White Wash" books.

We're also pushing hard to get your series in local bookstores. I only have the IV Book. I'm wondering if you've seen the declassified memos, etc. from that date of 1971-75. If so, what do you make of Rankin's memo that Oswald was married in Fort Worth? Perhaps nothing big, but a possible "something".

Sincerely,

Raymond R. Klotkowski,II
